LABOR OF LOVE

A multimedia exhibit celebrating 29 Vermont women and their work

> Lily Sojourney Agency of Human Services 5 Perry Street, Suite 10 Barre, VT 05641

This exhibit, which was created by Vermont Works for Women in collaboration with the Vermont Folklife Center, features photos and stories celebrating the transformative power of work by focusing on ways in which work can engage our passion and connect us to others and in communities. The featured women are farmers, doctors, tattoo artists, college presidents, electricians, and general store clerks. They are passionate about their work, exemplify excellence in their field, and are an inspiration to others. Through **LABOR OF LOVE**, we have the invaluable opportunity to discuss our experience of work with the young people in our lives and with each other – to talk about the choices we've made and the twists and turns of our individual journeys. They are stories worth sharing.
